HIGHLIGHTS

PATENTED ROLLER CAM PIN

POF-USA's NP3 coated roller head actually rolls inside the channel of the upper thus eliminating friction and prolonging the life of the upper.

MATCH GRADE TRIGGER

3.5lb straight POF Drop-in trigger with KNS anti-walk pins.

ANTI-TILT BUFFER TUBE

Eliminate stock rotation and prevent carrier tilt by supporting the back of the carrier, as well as reducing wear and tear on the bolt carrier and the buffer tube.

A MOMENTS NOTICE

Minutemen were civilian colonists tasked with being a defensive force to be prepared at a moments notice. They took it upon themselves to be trained in various weapons and tactics. We deeply admire their patriotism and self-reliance. The "Minuteman" is our twist on what a direct impingement sporting carbine should be, topped with the controls and enhancements most important to remain mobile and light.

The Minuteman has everything a respectable rifle needs and nothing it doesn't. Mount your favorite optic and the Minuteman is ready for the range or the field right out of the box. Go ahead and stack these features up to your favorite "other brand" carbine. We think you'll be impressed.
