ABOUT P-SG 22

Get ready for the most fun you've had with a .22LR. Brand new for 2020 we bring you the P-SG 22. To say that we are extra excited about this one would be an understatement. We have yet to have someone shoot the P-SG 22 and not walk away with a big smile.

STANDARD FEATURES

Match Grade Barrel

Monolithic Upper Receiver

(1) 10rd Magazine

Injection Molded Lower Receiver

1/2x28 Muzzle Threads

CALIBER	PART #
22lr	01837

HIGHLIGHTS

MONOLITHIC UPPER RECEIVER

Streamlined top rail featuring M-LOK compatibility.

10/22 MAGAZINE COMPATIBILITY

The P-SG 22 accepts the commonly available 10/22® magazine of various capacity.

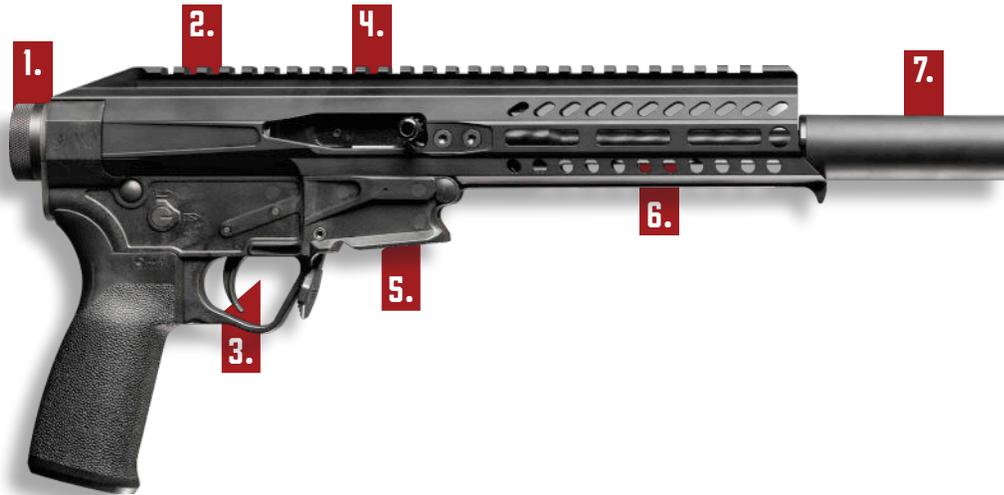

ENHANCED PRESSURE DEVICE

For increased reliability (this is NOT a silencer).

ENGINEERED ENTERTAINMENT

Our love of shooting, training, and prepping future shooters were the driving factors of development. We had to bring a quality to this platform which hasn't been seen before. Aside from its light weight of just over 3lbs, the P-SG 22 pistol is equipped with a rear Q.D. mount for single point slings, Enhanced Pressure Device, and threaded barrel ready for your suppressor. The receiver accepts AR-15 pattern buffer tubes, and the trigger and selector are also compatible with AR-15 options. The P-SG 22 features a monolithic upper receiver and injection molded lower receiver. To top it off, it accepts the widely available 10/22® magazine.
